NOTES

1 - The purpose of the Learning Agreement is to provide a transparent and efficient preparation of the study period abroad and to ensure that the student will receive recognition in his/her degree for the courses successfully completed abroad. By signing this document, the student, the Sending Institution and the Receiving Institution confirm that they approve the Learning Agreement and that they will comply with all the arrangements agreed by all parties. Sending and Receiving Institutions undertake to apply all the principles of the Erasmus Charter for Higher Education relating to mobility for studies (or the principles agreed in the Inter-Institutional Agreement). The Receiving Institution confirms that the courses listed are in line with its course catalogue and should be available to the student. The Sending Institution commits to recognise all the credits or equivalent units gained at the Receiving Institution for the successfully completed courses and to count them towards the student's degree. Any exceptions to this rule are documented in an annex of this Learning Agreement and agreed by all parties. The student and the Receiving Institution will communicate to the Sending Institution any problems or changes regarding the study programme, responsible persons and/or study period.

2 - Ideally, all parties must sign the Learning Agreement before the start of the mobility. It is not compulsory to circulate a paper document to collect original signatures. Scanned copies of signatures or digital signatures may be accepted, depending on the national legislation or institutional regulations.

3 - Exceptional changes to the courses listed have to be approved by e-mail or signature by the student, the responsible person in the Sending Institution and the responsible person in the Receiving Institution. Any changes should be clearly documented as an annex to this Learning Agreement (e.g. e-mail exchange, new Learning Agreement, list of courses delivered by the Receiving Institution) and should be done as early as possible after the beginning of the semester.
